School of Social Science

Diversity, creativity and discovery are the major attributes of study of arts and social science. It needs students to put hard efforts and deep Concentration to come over with every aspect. Our faculty of arts and social science works in libraries, archaeological sites, laboratories, archives under specific groups, community and conferences. We commit to impart the best knowledge with different data collection and complete discipline to act. Analysis of data and challenging sloppy thinking along with testing of hypothesis enable us to understand and clarify our student's query. We deeply perform with our student's interactions in order to full their study needs. All the concepts and theoretical knowledge about the varied modules are delivered with student-centric pedagogy with high degree of excellence. In order to keep the students engaged and active while keeping them with utmost attention; we accompany the programs with cultural and professional seminars where students can get an overview about corporate sector.
